POWERFUL
CUTS 360 SHEETS WITH A SINGLE EASY STROKE

&

PORTABLE
FITS YOUR DESK AND YOUR BUDGET

FEATURES

▶ Portable size with 360 sheets capacity.
▶ Solid steel blade carrier with high speed steel (HSS) blade.
▶ Cast steel base with measuring grid.
▶ Accurate steel side gauge with measuring scale.
▶ Machined aluminum back gauge with nylon tip brass locking knob.
▶ Automatic blade safety lock.
▶ Easy blade replacement.

SAVES MONEY

With print shops charging several dollars per cut, the machine, at a comparable price to a guillotine paper cutter, pays for itself and saves you time and money.

APPLICATIONS

Cuts and trims: copier paper • printer paper • photo paper • scratch book • note pad • card stock • rubber pad • plastic sheet

Ideal for: schools • churches • print shops • photo shops • copy centers • business offices • publishing services

SAVES TIME

If it takes you hours to cut a stack of paper with a guillotine paper cutter, by using a QCM Portable Stack Paper Cutter, you will get the job done within minutes. QCM Desktop Stack Paper Cutter saves you time, by over 90%, and yields professional and precise results.
